503 STUDENT ATTENDANCE

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also

the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the school district are **REQUIRED** to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

a. Your illness (5 days per semester). A note from a physician is required for each additional absence. If you become ill while at school, get a pass to the office.

1. *Long term/chronic illness/injury* – documentation from a medical professional must be obtained. The days missed because of these types of situations that are verified with a medical excuse will not be counted in the five (5) day maximum absence rule.

b. Verified medical, dental orthodontic, counseling, drivers license exam and other appointments at the discretion of school administration which cannot be scheduled outside of school hours. Examples of appointments which are NOT considered to be excused include: haircuts, nail appointments, pictures/portraits, car repairs, general errands, etc. Your

written excuse for medical appointments must be accompanied by an appointment card bearing the doctors name, and the time and date of appointment. This must be submitted to the office within three days of the appointment.

c. Conditions beyond the student's control, such as fire, flood, storm, etc. This would include inclement weather conditions, but not the following: missing the bus, not catching their ride to school, oversleeping, traffic conditions, or care problems without verification.

d. Family outing or trips taken with a parent if the principal or designee has approved the trip **in advance**. A maximum of five (5) days in one semester, not exceed ten (10) days per school year, will be excused. Approval must be obtained from the principal at least five (5) school days prior to the absence.

e. Compliance with any provision of a disabled student's Individualized Education Plan (IEP) or Section 504 Accommodation Plan.

f. Active duty in any military branch of the United States.

g. Mandatory court appearances.

h. Other excused absences *may be* granted when mutually agreed upon between the parents and the administration, **prior approval must be granted by the high school office.**

Exempt Absence – the following list of items are what constitutes an exempt absence:

a. Participation in school-sponsored event. This would include attending state tournaments in which ACGC is a participant provided verification of attendance is provided upon return.

b. Suspensions.

c. College visitation arranged through the counselor's office. You must have an appointment and obtain a College/University Visitation Form **in advance**. Seniors are allowed 3 college visits.

Consequences of Excused Absences

(1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.

(2) Work missed because of absence must be made up within 2 days from the date of the student's return to school. Any

work not completed within this period shall result in “no credit” for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

a. Any absence which does not fall under any of the excused or exempt categories will be considered unexcused. Sleeping in or oversleeping are not considered excused absences. Additionally, an absence will be considered unexcused unless a written note by the parent or parental phone call stating a valid reason is provided to the building administration within one (1) school day of returning to school. An example of this would be if a student misses on Tuesday and returns to school on Wednesday, the student would have until 7:45 am on Thursday to have this absence addressed or it would stand as unexcused and a consequence will be assigned.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (4) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedure set forth in the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.
- (5) Students who miss class work (including class assignments/assessments, labs and exams) as a result of an unexcused absence will not receive a score of more than 70% on any assignment(s)/assessment(s) or alternative assignments from the day and class in which the unexcused absence occurred.
